Hours: Monday through Friday from 9:00 until 6:00. Orders can be picked up or dropped off through The Camera Shop on Saturday from 10:00 to 4:00.

Custom Photographic has served mid-Michigan for nearly thirty years, and during this time we've acquired a deep understanding of each aspect of image quality. Now we combine this knowledge with the latest digital technology to produce the finest enlargements we've ever made.

We invite you to bring us your negatives, slides and digital camera images so that you can see for yourself the difference that custom printing makes. We also offer a variety of other digital photo and video services. And, as always, every job at Custom Photo is fully guaranteed.

For the most complete and current information please visit our Web site at www.customphotousa.com

Archival Custom Enlargements

Exhibit-quality enlargements have always been our specialty. Now we use sophisticated image processing techniques to ensure optimum results in every print.

The prices shown are for prints from digital images. If you're starting with a negative, slide or print, you will need one scan per image (see below).

Please ask us about special pricing for large orders.

	First	Add'l
5 X 7	12.50	8.50
8 X 12	16.75	11.25
11 X 16	29.00	20.00
16 X 23	38.00	25.80
20 X 30	67.00	46.50
24 X 36	90.00	65.00

Gatorfoam Print Mounting

8 X 12	15.50
11 X 16	18.00
16 X 23	26.50
20 X 30	36.00
24 X 36	53.00

High-Resolution Scans

Negatives and transparencies from 35mm to 4X5 inches are scanned on our Imacon Flextight scanner. All scans are expertly color-balanced and carefully inspected for defects.

Scans from film, with print order	12.50 each
Scans from film, without print order	18.00 each
Scans from prints	10.95 each

Digital photographic copies and photo restorations

Original photos up to 8 X 10 inches can be reproduced as archival prints by a digital process which eliminates the need for a copy negative. The prices include both the print and the digital image on CD.

Up to 5X7	first 22.50	duplicates 7.25
Up to 8X10	first 32.00	duplicates 10.50

We also offer expert photo manipulation and enhancement,

restorations, and other “photo magic.” We’ll be happy to provide examples and prices on request.

Custom matting and framing

Hand-cut mats and quality framing in a variety of wood and metal styles are now available at Custom Photo. Please ask for samples and prices.

”Special Occasion” Videos

We can help you create the perfect video centerpiece for a birthday, anniversary, graduation, retirement or other special occasion.

It's a wonderful way to share memories while everyone's together, and additional copies are great keepsakes to send along with each guest at the end of the event.

Just bring us your snapshots and portraits – even invitations and newspaper clippings – along with the music CDs you’ve selected for the audio background. We’ll set up an appointment for you to come in and (with our help, of course) combine your photos and music with titles and special video effects to create a unique and moving video program to mark your special event.

The price for scanning each photo print is \$1.25, and there is a \$2.00 charge for each song used. Our regular price of one dollar per minute applies to the editing session. The first DVD is \$35.00, and additional copies are \$20.00 (or less in quantities).

Slide-to-video transfer

Not many of us have slide shows any more. Or maybe you've inherited boxes of 35mm slides and don’t even own a projector.

Don't let those slides languish unseen any longer - we can transfer them to a DVD which you can enjoy on your family room TV! Transferring your slides to DVD lets you preserve, enjoy and share those irreplaceable images. And, once the first DVD is made, we can copy it inexpensively for friends and family.

You also get a bonus CD containing individual images of each slide.

The cost is 75 cents per slide for the first 200 slides, and 60 cents per slide thereafter. Note that both the DVD and CD are included in these prices. There is a minimum order of 40 slides.

Video Tape Editing

You don’t need to be a video professional - or a millionaire - to be welcome at Custom Photo. We specialize in working with ordinary people who have some video they'd like to improve. If you've been turned off by the attitude and prices at other places, let us help you turn your "raw" video into a polished finished product for any purpose.

There is a \$9.00 charge for each hour of video transferred to the editor, a one dollar per minute charge during the editing session, and a \$35.00 charge for the first DVD.

Limitation of Liability

If your negatives, slides or prints are lost or damaged by us, our liability is limited to the cost of the original materials before exposure. We assume no liability for CDs, camera cards or other digital media and contents.
